

*Pursuant to the decree of the President of the Republic of Uzbekistan from 27 June 2013 № 1989 "On measures for further development of national information-communication system of the Republic of Uzbekistan" large-scale work is today underway on the formation of information resources for the "Electronic government" system.*

On 30 July this year, the United Nations published a new edition of "E-government survey". According to this document, the Centre for development of "Electronic government" system of Uzbekistan, in comparison with 2014 survey went up 20 positions, having taken the 80th position among 193 countries. Thus, our state is among the ten countries included in the list of countries with high developed figure, according to the official website of the Ministry of Finance of the Republic of Uzbekistan.

The researchers and editors of the document highlighted the importance of open data portal, launched in 2015 in Uzbekistan, its role in improving this index. As known, the Portal was launched on the basis of the resolution of the Cabinet of Ministers of the Republic of Uzbekistan from August 7, 2015 No. 232 "On measures for further improvement of the governmental portal of the Republic of Uzbekistan on the Internet with regard to open data". To date, it comprises 1270 open data of 86 companies.
